U svijet pasa sam ušla kao vrlo mlada. Imali smo Tibetske španijele i Patuljaste pinčeve. Zainteresirala sam se za šnaucere kada sam kupila mužjaka Velikog šnaucera 1972.godine, a godinu nakog toga i ženku.

Pametni uzgajivači su inzistirali da izlažem te pse, a kako su oboje postali prvaci tako se i moj interes pojačao.

1975.godine sam kupila prvog p/s Patuljastog šnaucera iz Amerike.

Bio je odličan , napravio mnogo pobjeda , čak je I BIS dobio na jednoj Specijalnoj izložbi. Iste te godine sam imala prvo leglo Velikih šnaucera te su neki štenci izrasli u vrlo lijepe primjerke i postali prvaci.

1978.godine sam kupila dva crna "patuljka" iz Amerike. Oboje su bili odlični psi te je pas često pobjeđivao i dobivao BOB protiv svih ostalih boja.

Dokazao se i kao odličan parnjak. Nakon par godina opet sam uzela par iz Amerike no ovaj put se ženka pokazala kao uspješnija.

Osamdesetih sam kupila pse iz Engleske, crnog I crnosrebrnog, a nakon par godina I bijelu ženku iz Mađarske tako da sada imam sve četiri boje u svojoj uzgajačnici.

Mogu reći da sam prilično sretna jer sam u uzgoju mnogo postigla, a uspjela ga sačuvati od većih problema. Zadnjih 10 godina imam I crnog standard Šnaucera.

Dugi niz godina sam bila zainteresirana i za Majmunske pinčeve te sam prvog kupila 1990.godine. Danas imam 4 ženke te sam imala i prva legla te pasmine.

Uzgajam pod preiksom Impact's.

Također imam iskustvo u izlaganju , uređivanju i uzgoju Graničarskih I Irskih terijera.

Sudac sam od 1987.godine, a od 2006.sam all rounder.

Imala sam čast suditi u svim skandinavskim zemljama zatim Island, Rusija, Latvija , Estonija, Litva , Belgija , Nizozemska , Njemačka, Slovenija, Hrvatska , Poljska, Italija , Malta , Španjolska, Portugal, Grčka , Švicarska , Irska, Engleska, Australija, Novi Zeland , Kanada, SAD , Južna Amerika, Tajland, Malezija , Kina i Japan .

My dog-history started when I was young. In my family we had Tibetan Spaniel and Miniature Pinscher. My interest in schnauzers started when I bought a Giant Schnauzer male 1972 and a year later we also had a bitch in the house. My clever breeders persuaded me to show my dogs. Both became champions and my dog-interest intensified.

1975 I bought my first Miniature Schnauzer, a salt and pepper male from USA. He was excellent and did a lot of winning, he was once BIS in a big specially show.

1975 I also had my first litter of Giant Schnauzer and some of the puppies grew up to be very good dogs and a couple of them even became champions.

1978 I bought two black "minis" from USA, a male and a bitch. They were both excellent dogs and the male was also doing a lot of winning and he very often was BOB over all other colours, very unusual at the time. This black dog proved himself to be a very successful stud-dog too. Some years later I had two other black "minis" from USA. They also were excellent dogs, especially the bitch this time - with BIS-placing at international FCI-show.

In the eighties I bought some dogs from England, black and black and silver and some years later I had a white bitch from Hungary so today I have Miniature Schnauzers in all four colours in my kennel. I started breeding Miniature Schnauzers 1978 and I have been lucky enough to say that my breeding has produced a lot of champions and so far I have been saved from serious problems. For some 10 years I also had Standard Schnauzer black.

I have also for long had interest in Affenpinscher and had my first one, a male, in 1990. Today I have four bitches and I also have had my first litters of Affen.

My kennel prefix is Impact's. From the eighties I also have some experience of showing, grooming and breeding Border Terrier and Irish Terrier.

I am a licensed FCI judge since 1987 and since 2006 authorized for all breeds as FCI all rounder. I have had the privilege to judge in all Scandinavian countries including Island and in Russia, Latvia, Estonia, Lithuania, Belgium, Holland, Germany, Slovenia, Croatia, Poland, Italy, Malta, Spain, Portugal, Greece, Switzerland, Ireland, England, Australia, New Zealand, Canada, USA, South America, Thailand, Malaysia, China and Japan.

I have for many years been a member of different committees like National Kennel clubs and the Giant schnauzer club and I have been the chairman of the Swedish
