

## BRATISLAV MILOŠEVIĆ

Rođen sam u Leskovcu, Republika Srbija 11.02.1972. godine. Po zanimanju sam inženjer kemijske tehnologije te je zaposlen u kozmetičkoj tvrtci u mom rodnom gradu.

Moj prvi kontakt sa kinologijom bio je kroz kinološki klub u mom gradu, prvotno kroz aktivno članstvo, a zatim kao tajnik kluba. Što sam više otkrivao svijet kinologije shvatio sam da želim biti što više uključen. Zbog toga sam položio ispit za suca 1996. godine dok sam 2001. godine postao međunarodni sudac. Sudac sam za sve pasmine IV, V I X FCI grupe.

Do sada sam sudio u Srbiji te u Poljskoj, Bugarskoj I Grčkoj nacionalne, međunarodne I Specijalne izložbe.

Smatram se prije svega uzgajivačem i ljubiteljem pasa. Boravak uz pse mi je prvotno omogućio njihovu neograničenu ljubav te šansu da upoznam različite ljude, izmijenim iskustvo i znanje te naravno stvorim nova prijateljstva.

Ime moje uzgajnice je Alebras te uzgajam I izlažem Afganistanske hrtove, Kern terijere, Vipete I Čivave.

I was born in Leskovac, in the Republic of Serbia on February 11th 1972. I am an engineer of chemical technology, working in a cosmetics company in my home town.

My first contact with cynology was through the Kennel club of my town, first as an active member and later as the secretary of the club. As I was discovering the world of cynology, more and more I found myself wanting to be better involved. Following this wish, I became a National Dog Show Judge in 1996 and an FCI Judge in 2001. My area of expertise is:

FCI Group 4, Dachshunds (all breeds),

FCI Group 5, Spitz and Primitive types (all breeds),

FCI Group 10, Sighthounds (all breeds),

Until now, I have judged both in my country and abroad (Poland, Bulgaria, Greece) CAC, CACIB & Speciality Shows.

Concluding, I can say for myself that above everything else I am a breeder and an adorer of dogs. Being with dogs I get the gift of their unlimited love, but also a great chance to meet different people, exchange experiences with them and ultimately making new friendships.

Kennel name: Alebras, breeds and exhibits Afghan hounds, Cairn Terriers, Whippets, Chihuahuas.
