

MARKO LJUTIĆ

Marko Ljutić rođen je 1982. godine u Makarskoj. Nakon završenog matematičkog smjera u općoj gimnaziji „Marko Marulić“ u Splitu nastavlja obrazovanje na Američkom fakultetu za menadžment i tehnologiju gdje stječe diplomu diplomiranog inženjera u menadžmentu. Kasnije se zapošljava u struci gdje ima 9 godina iskustva u menadžmentu i marketingu.

Marko svog prvog australskog ovčara nabavlja 2008. Godine iz prestižne američke uzgajivačnice. Iako je prije toga bio aktivan izlagač već nekoliko godina, odluka je pala početi s uzgojem ove pasmine i uvesti kvalitetnu ženku. Tada kreće s proučavanjem uzgoja i linija australskih ovčara, a iz ljubavi prema psima osim ovčara proučava i ostale čistokrvne pasmine iz nekoliko FCI grupa.

Aktivan je član Kluba prijatelja pastirskih i ovčarskih pasmina Zagreb od 2010. godine, a čiji predsjednik i postaje 2011 godine. Inicijator je i jedan od organizatora prve specijalne izložbe za dio pasmina 1 i 2

skupine koji podlježu pravilima kluba. Svoj kinološki rad je počeo u Splitu, kao aktivan član kluba Sportskih Pasa Split. Također u svom radu vrši cijeli niz edukacija odnosa psa i čovjeka u urbanoj sredini.

2010 godine otvara uzgajivačnicu Mangry's i ima prvo leglo australskih ovčara u Hrvatskoj. Do sada Mangry's uzgajivačnica je uzgojila velik broj šampiona, pobjednika grupa i nekoliko Best In Show pobjednika. Od značajnih rezultata se može istaknuti BISS CH Mangry's Standing Ovation koji osvaja 2013. Razred mladih mužjaka na prestižnoj izložbi Crufts u Engleskoj, BIS CH Mangry's La Bamba Mamacita pobjednica grupa i intermedia razreda na svjetskoj izložbi u Austriji, BIS CH Mangry's Buzzdo Best Of Breed na Europskoj izložbi 2014 godine., mlada svjetska prvakinja 2014 godine CH Infinity Des Dolmens D'Ann Arvor čija je mama Mangry's ženka.

Ideja vodilja Marka kao uzgajivača je uzgajati zdrave pse s tipičnim temperamentom, korektne građe i tipa. Selekcija kao ključni čimbenik je bitna stavka u njegovom uzgoju.

Također je uvezao i prve majmunaste pinčere 2013 godine iz Švedske. Kujica Crea Diem Jackie osvaja titulu mlade europske prvakinje u Brnu 2014 godine a mužjak titulu vice europskog prvaka Crea Diem In The Jungle. 2015 godine je uzgojeno i prvo leglo majmunastih pinčera u Hrvatskoj, tri mužjaka od kojih jedan odlazi u Englesku jedan u Ameriku, a prvobirani mužjak ostaje naravno u Hrvatskoj. Iako mu nije ovo prva pasmina, odlučio se upustiti u uzgoj malih crnih „majmunčića“.

Ono što od Marka kao sudca možete očekivati je iskreno mišljenje, prednosti i nedostatke koje trebate unaprijediti u vašem uzgoju. Iako detaljan i kritičan, Marko će vam uvijek dati dobar savjet a to je da volite i njegujete vaše ljubimce i tad će oni zasjati za vas, što će rezultirati i zamjetnim izložbenim rezultatom. Ne postoji savršen pas ali postoji savršen vlasnik koji ističe i unaprijeđuje kako prednosti tako i nedostatke svog psa kada spominjemo izložbe pasa.

MARKO LJUTIĆ

Marko Ljutić is born in 1982 in Makarska. After finishing mathematical direction in general high school "Marko Marulić" in Split he continued education at the American College of Management and Technology where he got a Bachelor degree in Management. Later he got a job in a profession where he gains 9 years of experience in management and marketing.

He purchased first Australian Shepherd in 2008 from the prestigious american kennel. Although he has previously been an active exhibitor for several years, the decision was made to start the breeding of this breed and to import a quality female. He then starts to study breeding lines of Australian Shepherds, and except them, he studies other purebred breeds from several FCI groups.

He is an active member of the Club for Sheepdogs and Mountain dogs since 2010, and whose president he becomes in 2011. He is the initiator and one of the organizers of the first special shows. He began cynological work in Split, as an active member of the Club of Sport Dogs Split. He performs a variety of education related to dog and a man in an urban environment.

He opens a kennel "Mangry's" in 2010 with first litter of Australian Shepherd in Croatia. So far Mangry's kennel has bred a large number of champions, winners of groups and several Best In Show winner. Among the important results he can highlight BISS CH Mangry's Standing Ovation who won the 2013 class of young males at prestigious Crufts in England, BIS CH Mangry's La Bamba Mamacita winner of groups and of intermediate class at the world show in Austria, BIS CH Mangry's buzzdo winning Best Of Breed on European show in 2014, Junior world champion in 2014 CH Infinity Des Dolmens Ann D'Arvor whose mother is Mangry's female.

The guiding principle behind Marko as a breeder is to breed healthy dogs with typical temperament, correct outline and type. Selection as a key factor is an important issue in its breeding

He also imported the first Affenpinscher in 2013 fom Sweden. Dog Crea Diem Jackie wins the title of Junior European Champion in Brno

MARKO LJUTIĆ

2014 while the male gets the title of vice European champion - Crea Diem In The Jungle. In 2015 he had first litter of that breed in Croatia: three males, one of which goes to England, one in America and pick of the litter remains in Croatia. Although this was not the first breed, he decided to engage in the breeding of small black "monkeys".

From Marko as a judge, you can expect the honest opinion, the advantages and disadvantages that you need to improve in your breeding. Although very detailed and critical, Marko will always give you good advice and that is to love and care for your pets and then they will shine for you, which will result in a noticeable show results. There is no perfect dog but there is a perfect owner who emphasizes and enhances both the advantages and disadvantages of dog.
