

## OLGA DOLEJŠOVÁ

married, two grown children and eight grandchildren.

I judge all FCI breeds, but it is true that some I prefer judging more.

At the moment I have at my home Japanese Chins, King Charles Spaniels, Pekingese and Pomeranians. I had also one Cavalier King Charles female Ruby Lee Berry. I had bought my first dog in 1979 and it was a black Miniature schanuzer Inna from Boundary limits. She wasn't very successful on the shows, probably because I didn't know anything about the grooming and show demonstration. She had one litter of five puppies and still has a place in my memory.

I can not specify one dog as most important cause I really had it a few. One of this is my first Japanese chin female, she was not a star, but she won my heart. The other dog is King Charles imported from Belgium Quazani v.d. Rampandenhoff. He had an amazing character and appearance and he really produced beautiful puppies. I really love his granddaughter Kanache BT od Dvou orechu.

I have one message for the exhibitors coming on Varaždin shows:

I look forward for you to bring me well prepared and bathed dogs. I really pay attention to the grooming of the dogs so please keep in mind this.

## OLGA DOLEJŠOVÁ

udana, 2 odrasle djece i osmero unučadi.

Sutkinja sam za sve pasmine no naravno da neke više volim suditi od drugih.

Trenutno u svom domu imam Japanske španije, King Charles španije, Pekinezere i Pomerance. Do nedavno sam imala i jednu ženku Cavalier King Charles Ruby Lee Berry. Prvog psa sam kupila 1979 godine i to je bila ženka crnog patuljastog šnaučera Inna from Boundary limits. Nije baš postigla velik uspjeh na izložbama, vjerojatno i zbog toga što tada nisam znala ništa o izložbama, ring dresuri i uređivanju. Imala je jedno leglo od 5 štenaca i još uvijek zauzima posebno mjesto u mom srcu.

Ne mogu izdvojiti jednog psa kao posebnog jer svaki ima ono nešto. Moja prva ženka Japanskog China nije bila izložbena zvijezda ali je osvojila moje srce. Drugi takav pas je King Charles španijel uvezen iz Belgije Quazani v.d. Rampandenhoff. Imao je odličan karakter i izložbenu prezentaciju, a i producirao je zaista lijepe štence, jedna od njih koju obožavam je njegova unuka Kanache BT od Dvou orechu.

Imam samo jednu poruku za izlagače koji dolaze na varaždinske izložbe:

Radujem se Vašem dolasku te se iskreno nadam da ćete mi dovesti lijepo pripremljene i okupae pse. Veliku pozornost posvećujem izložbenoj pripremljenosti pa Vas molim da pazite na to.
