

DAMIR VUČIĆ

I was born in Croatia, in 1966 in Sinj in the very heart of Dalmatia.

As a boy I lived with my parents in Germany in Frankfurt, where started my love towards dogs which was later continued in Solin when my whole family returned in Croatia. In our house dogs have always been treated as equal members of the family.

In 1994 I fell in love with cynology deciding to seriously engage with it. Golden Retrievers are dogs that I was thrilled and delighted with and it remained so until today. My first dog show steps are related to Split kennel club where I was active in organizing shows and breeding examinations. I continued my activities in the Croatian Club for Retrievers of which I am still a member. I am a longtime member of The Golden Retriever Club of Great Britain, from where I have an inexhaustible source of experience related to breeding and judging of Golden Retrievers.

Together with my wife Danijela in 1995 I established a kennel "Imperium Salonae" having very successful breeding of Golden Retrievers for years. Also we are proud owners of numerous dogs, many of which are from our own breeding.

I became a judge in 1999 firstly for Retrievers and later for all other breeds in FCI group VIII. Since 2005, I am a judge for the English Setter and Irish Setter from FCI group VII.

Since I started judging I've judged in Finland, Italy, Serbia and Croatia so far. Our breeding is based on purely British blood lines from the most respected kennels but also new dogs that are bred for us by our friends in Swedish kennel GOLDENLINES from which we have a male who is producing really nice for us. I would like to mention also kennel SIATHAM from the UK and my dear mentor Anne Falconer, from whom I learned a lot about the breed Golden Retriever, having also two beautiful males in our kennel.

DAMIR VUČIĆ

Rođen sam u Hrvatskoj 1966 . godine u gradu Sinj u srcu Dalmacije .

Kao dječak sam živio sa roditeljima u Njemačkoj u gradu Frankfurt gdje je i počela moja ljubav sa psima a kasnije se nastavila u Solinu kad se cijela moja obitelj vratila u Hrvatsku . U našoj kući psi su uvijek zauzimali mjesto ravnopravnog člana obitelji .

1994 godine kad sam se zaljubio u Kinologiju i tada se odlučio ozbiljno baviti kinologijom . Golden Retrieveri su pasmina kojom sam se oduševio i ostao oduševljen sve do danas . Moji prvi kinološki koraci su vezani uz Klub Sportskih Pasa Split gdje sam bio kinološki aktivan u organizaciji izložbi i uzgojnih pregleda .

Nastavak mojih aktivnosti je u Retriever klubu Hrvatske čiji sam i danas član . Dugogodišnji sam član The Golden Retriever Club u Velikoj Britaniji od kuda imam neiscrpni izvor iskustava vezanih uz uzgoj i suđenje golden retrievera .

Ja i moja supruga Danijela smo 1995 osnovali uzgajivačnicu pod imenom IMPERIUM SALONAE koja se usješno bavi uzgojem Golden Retrievera , vlasnici smo velikog broja goldena a većinu smo i sami uzgojili .

Kinološki sudac sam postao 1999 godine najprije za retrievere a kasnije i za sve ostale pasmine u VIII FCI grupi . Od 2005 sam sudac i za Engleske setere i Irske setere iz VII FCI grupe .

Od 2000 godine od kada sam počeo suditi do sada sam sudio u Finskoj , Italiji , Srbiji i naravno Hrvatskoj .

Uzgoj nam se zasniva na isključivo Britanskim krvnim linijama iz najuglednijih uzgajivačnica ali i na novim psima koje su za nas uzgojili naši prijatelji u Švedskoj uzgajivačnica GOLDENLINES od kojih imamo jednog rasplodnog mužjaka .

Posebno bih izdvojio uzgajivačnicu SIATHAM iz Velike Britanije i moju dragu mentoricu Anne Falconer od koje sam puno naučio o pasmini golden retriever i čija dva prekrasna mužjaka krasi našu uzgajivačnicu.
