

Claudio De Giuliani

Imam 60 godina i rođen sam u Forno di Zoldo, malom selu u Dolomitiju, području poznatom u svijetu po planinama. Uvijek sam imao pse u svom životu, još kao dijete kad sam se pridružio svom ocu u lov, a kasnije sam i sam postao lovac, prvo sa goničem a zatim sa ptičarom. Prvotno sam uzgajao Njemačke kratkodlake ptičare pobjeđujući na izložbama sedamdesetih godina. Moja velika ljubav za njemačke pasmine se počela pokazivati te sam uskoro počeo uzgajati i Njemačke dugodlake ptičare, neki su postali veoma važni na izložbama i u lovu. Prvi sam uvezao Njemačkog dugodlakog ptičara u Italiju i bio vlasnik prvog takvog šampiona. Mnogo mi se sviđaju i Njemački oštrodlaki ptičari no ne uzgajam ih a inače sam uvijek i proučavao čistokrvne pse.

Počeo sam suditi 1979, prije više od 30 godina. Sada sam all-rounder sudac od 2004. Bio sam delegat Talijanskog saveza u CID-u, (njemački oštrodlaki ptičar), a bio sam i član odbora čistokrvne rodne knjige saveza. Bio sam u zadnjem odboru tal.kin.saveza i iz tog razloga nisam sudio u Italiji dio 2000. i 2001. Sada sam u talijanskom odboru sudaca. Volim pisanje članaka o psima i sam napisao najpopularnije talijanske pseće magazine, te također 10 knjiga i napravio video. Sviđa mi se lov i hodanje po planinama te fotografiranje prirode. Sada, sa suprugom Manuelom i mojom kćeri Irene uzgajam jazavčare, sa dobrim uspjehom na izložbama, mnogi psi su već šampioni. Već sam sudio u svim zemljama Europe, u Argentini, u Rusiji, u Meksiku, u Venezueli, SAD, Australiji i Južnoj Africi, Japanu, Kini. Sudio sam na Europskoj izložbi u Mađarskoj, Hrvatskoj, Sloveniji, Nizozemskoj (Rumunjsku ove godine i u Švicarskoj sljedeće godine). Od svijetskih sam sudio one u Švedskoj, Slovačkoj, Danskoj i Austriji te Crufts 2010.

I'm 60* years old and I was born in Forno di Zoldo, a little village in the Dolomiti, a fine area known in the world for its mountains. In my life I have always had the dogs as my companion: when I was a child and I joined my father in the hunting and later when I became an hunt, before with a hound, later with a pointing dog, but never without a dog. I have breed at first the German shorthaired pointer, winning in the show competitions. It was 70s! My great love for the German breeds did know to me also the German longhaired pointer and I started to breed them; some of them become important in the show competitions and in the hunt. I was the first Italian breeder who imported the German longhaired pointer into Italy and I had the first Champion in Italy of this breed. I have many interests also for the German wirehaired pointer, but only as a lover and not as a breeder. I have always studied the pure dogs, from the English setter to the Hungarian vizla, from the French pointing dog to the American cocker spaniels. I began to judge in the 1979, more than 30 years ago. Now I am All Rounder since 2004. I was a delegate of the Italian kennel club in the C.I.D., (German Wirehaired Pointer dog) and was also a member of the pure breed book National Kennel Club Conseil. I was in last Italian Kennel Club Committee and for this reason I haven't judge in Italy on the part of 2000 and 2001. Now I am in the Italian Judge Committee. I like writing articles regarding the dogs and I have written on the most popular Italian dogs' magazine and I have also written 10 books and I have made a video. I like the hunt and walking on the mountains and photographing the nature. Now, with my wife Manuela and my daughter Irene I'm breeding dachshund, with a good success, with many show champions. I have already judged in all Europe countries, in Argentina, in Russia, in Mexico, in Venezuela, Usa, Australia and South Africa, Japan, Cina. I have judged in the European Dog Show in Ungheria, Croazia, Slovenia, Oland (Romania in this year, Switzerland next year) and in the WDS in Sweden, Slovacchia, Denmark, Austria. I have judged at Cruft on 2010.
