

DUBRAVKA REICHER

Bavljenje psima bilo je u početku moj hobi, a kasnije je zauzelo veći dio mojeg života. Inače sam profesor engleskog jezika i radim u srednjoj školi.

Počela sam suditi pred 20 godina. Moja prva FCI grupa bili su terijeri koji su već tada bili važan dio mojeg života. Oni su to još uvijek i u mojem se domu uvijek nalazi neki terijer. Sada su to irski terijeri.

Kako su me zanimali psi i gotovo sve pasmine postala sam sudac za više FCI grupa, od patuljastih pasmina, goniča i hrtova, do špiceva i ovčarskih pasa. Konačno sam 2011. proglašena sveopćim sucem za oblik.

Deset godina sam radila u Hrvatskom kinološkom savezu uglavnom na organizaciji izložbi i obrazovanju sudaca. Bila sam pet godina i urednica časopisa za pse.

Kao sudac sudila sam u brojnim državama Europe od Portugala na zapadu do Moskve na istoku, od Crne Gore na jugu do Norveške na sjeveru.

In the beginning dogs were just my hobby, but later this hobby has filled the greater part of my life. I am an English teacher and teach at the High School in Zagreb.

I started judging 20 years ago. My first FCI group was the Terrier group since they had already been an important part of my life. They still are and there should always be some terrier at my home. At present there are Irish terriers.

As I was interested in almost all dog breeds I have become a judge for many FCI groups beginning with Toys and Hounds to Spitz and Pastoral group. Finally I became an all-round judge in 2011.

I also worked for ten years in the Croatian Kennel Club mostly dealing with show organization and education of judges. For five years I was the editor of a dog magazine.

As a judge I have judged and travelled through numerous countries around Europe from Portugal in the West to Moscow in the East, Montenegro in the South and Norway in the North.
