

NENAD VUJANOVIĆ

Umirovljeni časnik, rođen 1955. godine.

Sa psima sam se počeo zanimati još u ranoj mladosti, u širem lovnom okruženju, a ponajviše uz djeda, pasioniranog lovca. Upravo od tuda datira moja opredijeljenost lovnoj-radnoj kinologiji.

Član sam Kinološkog saveza

a od 1973. godine, kinološki sudac sam preko 30 godina. Unutar kinologije najviše me privlači široki spektar rada pasa tako da sam sudac za rad pasa ptičara, goniča, retrivera, rad pod zemljom i rad na krvnom tragu. Položio sam i sudim sve pasmine IV, VII i VIII te dio III i VI FCI grupe.

Kroz svoj kinološki staž bavio sam se uzgojem i obukom pasa iz svih gore navedenih grupa (radnih) pasa. Posebna su mi ljubav ptičari koje i danas držim, uzgajam i obučavam u svojoj uzgajivačnici „Ellegant“. Zahvaljujući psima i kinologiji upoznao sam vrlo širok krug prijatelja kinologa, družeći se na raznim kinološkim manifestacijama što smatram velikim doprinosom kvaliteti života.

Retired officer, born in 1955

I became interested in dogs in my early youth, by hunting and especially with my grandfather, a passionate hunter.

My commitment to hunting-working cynology dates back from there. I am a member of the Kennel Club since 1973, dog show judge for more than 30 years. Within cynology I am most attracted to a wide range of dogs' work, so I judge the work of pointers, hounds, retrievers, underground work and on the blood trail. I passed exam and I judge all breeds from groups IV, VII and VIII, and part of FCI groups III and VI.

I have been breeding and training dogs from all the above dogs' groups (working). I especially love Pointers which I still have, breed and train in my kennel "Ellegant". Thanks to the dogs and cynology I met a very wide circle of friends cynologists, socializing on different kinds of dog events which I consider a great contribution to the quality of life.
