

GABRIELA RIDARČIKOVA

Cijeli svoj život sam imala pse uz sebe te su oni uvijek bili moji najbolji prijatelji. Prošla sam s njima nezaboravne trenutke veselja, sreće i slobode. Ljubav prema psima je isto tako utjecala na moju odluku da postanem doktorica veterine.

Članica sam Predsjedništva Slovačkog saveza, Predsjednica Odbora za suce u Slovačkom savezu te predsjednica Doberman kluba Slovačke. Isto tako sam međunarodni sudac za sve pasmine. Sudila sam na brojnim svjetskim i europskim izložbama pasa, na različitim međunarodnim, nacionalnim te klupskim izložbama u brojnim zemljama. Na Svjetskoj specijalnoj izložbi Dobermana sudila sam čak 4 puta.

Moja uzgajalnica „z Tomky“ registrirana je 17.08.10975. Početak mog uzgoja bio je povezan sa mojom najdražom pasminom – Bokserima. Moj san se ostvario kasnih osamdesetih kada je u moj život konačno ušao Doberman. Oduševio me fantastičnim držanjem, inteligentnim i ponosnim izgledom te beskrajnom ljubavlju koju oni daju. Zadivljena sam bila i njihovom plemenitošću te elegancijom. Uzgojili smo nekoliko međunarodnih prvaka te prvake brojnih zemalja no za mene je najbitniji onaj osjećaj kada vidim da su ljudi sretni sa šteneom kupljenim od nas, i da je to štene uljepšalo njihove živote.

My whole life there have been fantastic dogs by my side, and they have always been my best friends. With them I have experienced unforgettable moments of joy, happiness and freedom. The love of the dogs has also influenced my decision to become a veterinary doctor.

I am a member of the Presidium of Slovak Kennel Club, Chairman of the Board of Judges SKJ, president of Slovak Dobermann Club and international Judge for the all groups FCI - all round. I have judged at the World Dog Show and the European Dog Show, at different international, national and club shows in many different countries. I have judged the Dobermanns at the World Show I.D.C. speciality four times.

My kennel „z Tomky“ was established on August 17th, 1975. The beginning of my breedings was connected with my favorite breed Boxer. As late as in the eighties my dream came true and the beautiful breed of Dobermann proudly walked by my side. I fell in love with their fantastic attitude, intelligent and proud look, their warm-heartedness, commitment and endless love, that only they can give. I was amazed by their nobility and elegance. We have bred several international champions and champions of different countries, but for me the most important is that wonderful feeling of making so many people happy by having a puppy from us, while these puppies made their lives better and happier.
