

SYLVIE DESSERNE

Rođena sam u obitelji gdje su životinje uvijek zauzimale važno mjesto te sam oduvijek bila okružena četveronožnim prijateljima, posebno Pointerima i Pudlama.

Čim su mi financije to dopustile kupila sam svog prvog izložbenog psa te sam ubrzo otvorila uzgajanicu "Vilfloriane". Moj život su tada postali Shih Tzu-i, King Charles te cavalier King Charles Španijeli. Kroz godine sam uzgojila velik broj šampiona, većinom King Charlesa.

Iako je počelo kao strast utjecalo je na ostatak mog života ne baš uvijek uz odobravanje obitelji psi su preuzeli cijeli moj život. Također sam zahvaljujući njima vidjela velik dio svijeta, prvo kao izlagač, a zatim kao sutkinja.

Iako će King Charlesi uvijek imati posebno mjesto u mom srcu tokom vremena sam zavljela i druge pasmine. Danas mi je postalo nemoguće ne osjetiti ushićenje svaki put kad vidim prekrasnog primjerka svoje pasmine nevezano o kojoj se radi.

ZADAR SHOWS

Born into a family where animals took pride of place, from a very early age I was always surrounded by four-legged friends and mostly by our pet Pointers and Poodles.

As soon my finances permitted, I bought my first show dog and was quickly smitten by the idea of starting a small kennel and that was when the "Vilfloriane" affix was created. Shih tzu, then King Charles and Cavaliers King Charles spaniels become my life. I bred many champions mainly Charlies.

Thus started a passion that was to influence the rest of my life, not always I might add with the family's approval as dogs tend to take over your whole existence. They can take you around the world, first as an exhibitor and then as a judge.

Although my first breed, the King Charles, will always hold a special place in your heart, I have developed a passion for all breeds. It has now become impossible not to feel a thrill when I am standing in front of an outstanding exhibit whatever the breed.
