

MELITA GROŠELJ

Melita Grošelj, rođena 1975.godine u Ljubljani- Slovenija.

Okružena sam Mopsima od 1995.godine kada je prvi mužjak došao u moj dom. 1998. Godine sam registrirala uzgajalicu Snorewood te od tada uzgajam pod tim prefiksom.

Mnogi psi iz mog uzgoja su postigli zavidne rezultate na izložbama: njih 26 su postali šampioni, 2 Europski prvaci, a mnogi Internacionalni.

Sudački ispit prvotno za Mopseve sam položila 2005.godine. Sada sam međunarodni sudac za cijelu FCI grupu IX te trenutno radim na polaganju FCI grupe II. Sudila sam u nekoliko zemalja Europe. Član sam Odbora Kluba za patuljaste pasmine Slovenije i član Odbora za uzgoj.

Biti sucem nije uvijek lagan zadatak. Ljudi te voli i pričaju lijepe stvari o osobi ukoliko pobjeđuju. Smatram da je najbitnija stvar za suca da bude iskren i pošten te da ima dobro oko za pse.

Melita Grošelj, born in 1975 in Ljubljana - Slovenia

I'm surrounded by pugs since 1995 when first pug male came in to my home. I started breeding them in 1998 under Snorewood kennel name.

Pugs of my breeding achieved excellent results in show rings: 26 of them became champions, two European, many are international as well as several national champions.

I became a judge for pugs in 2005. Today im international judge for FCI 9 and Im working on FCI 2. I have judged in several European countries. I'm a member of the Board of Slovenian Toy dog club and a member of breeding commission.

Being a judge is not always an easy task. People love you and speak well about you if they win. The principal thing is to be honest, if you want to be a good judge and of course that you have a good eye for dogs.
