

STJEPAN PROSENIK

Međunarodni sam kinološki sudac od 1999 godine.

U razdoblju od 1970 do 1985 živio sam u Njemačkoj gdje sam prvi puta ugledao AMSTAFa. Vrativši se u domovinu, sa još nekoliko zaljubljenika te pasmine, počeo sam sa uzgojem tih pasa, koji i dan danas čine važan dio mog života.

Na samom početku u Hrvatskoj nije bilo AMSTAFa a kamoli literature koja je neophodna, pa sam godine 1992 uz pomoć nekoliko dobrih prijatelja izdao Knjigu „American Staffordshire Terrier i srodne pasmine – istina i zablude“.

Mnogi kinolozi ocjenjuju tu knjigu kao izvrstan sažetak od postojanja pasmine pa do vremena našeg doba.

Uzgajivačnicu AMSTAFa; „ALFA DOG“ registrirao sam prije gotovo 20 godina i zadovoljan sam svojim doprinosom u kinologiji.

Na izložbama pokušavam naći mjesto gdje mogu pratiti komentar sudca, shvatiti način njegovog suđenja i tako obogatiti svoje poznavanje te pasmine... „znanja nikad previše!“.

I became licensed FCI judge in 1999. In period from 1970 till 1985 I lived in Germany where I first saw American Staffordshire Terrier and immediately fell in love with the breed. Returning in Croatia, accompanied by few lovers of AMSTAFs, I began breeding them. Since then they remained a very important part of my life.

In the beginning there wasn't any Amstaf in Croatia nor any kind of the literature. Because of it, together with a few friends, I published a book „American Staffordshire Terrier and related breeds – the truth and misapprehension“. This book was recognized by a large number of breeders as a good summary from the beginning of the breed till nowadays.

I registered my kennel „Alfa Dog“ nearly 20 years ago and I am truly pleased with my contribution in cynology. I always try to find a good position on show to be able to hear judge's comments in order to be able to see his way of thinking and judging to enrich my knowledge. I always like to say : „You can never know too much“!
